#### Abstract

Smokeless Tobacco Swedish Match has a broad presence in smokeless tobacco (Snuff and Chewing Tobacco), with significant positions in the Nordic countries, the US, and South Africa. The main organic growth is within the snuff operations in North America and North Europe. The growth is based on the attractiveness of smokeless tobacco products which from a health point of view are regarded as a superior alternative to cigarettes. This has also been supported by the so- called Swedish experience (high consumption of snuff, low cigarette consumption and low frequency of tobacco related diseases).

## Snuff

Swedish Match is the only global producer of snuff, and has a leading position on the Nordic snuff market and in South Africa. In the US, the Company has the largest share of the fast-growing value price segment. The biggest brands are General, Catch, and Ettan in Sweden, Timber Wolf in the US and Taxi in South Africa. Sales for the year amounted to 2,788 MSEK $(2,457)$ an increase of 13 percent. Operating income for the year grew by 30 percent, to 1,233 MSEK (950) mainly due to improved volumes but also due to positive price/mix effects, as well as more efficient marketing spending. Operating margin reached 44.2 percent (38.7).

Swedish Match volume, in number of cans, grew by 6 percent in North Europe, and by 10 percent in the US. Swedish Match improved its market position in the US market by 1 percentage point to slightly more than 9 percent.
During the year Swedish Match has increased the investments in new markets. In India where Swedish snuff was launched in Mumbai in May 2001, efforts increased to cover also other regions. In Russia, Swedish snuff was launched in Moscow. Swedish snuff has also been present in the markets of Slovenia and the Czech Republic for a number of years.
For the fourth quarter, sales were 698 MSEK (658), an increase of 6 percent. Operating income increased by 20 percent to 310 MSEK (259). Operating margin reached 44.4 percent (39.4).

## Chewing Tobacco

Chewing tobacco is sold primarily in the North American market. Major brands are Red Man and Southern Pride. Swedish Match is the leading producer of chewing tobacco in the US. The chewing tobacco segment in the US is characterised by annual volume declines of approximately 4 percent per year. In 2002, the volume decline has moderated.
Sales for the year declined somewhat, reaching 1,333 MSEK $(1,377)$. In local currency, sales were up 3 percent. Operating income increased by 9 percent, to 406 MSEK (372). Operating income improvement is a result of price increases and lower expenses.
For the fourth quarter, sales declined by 11 percent, to 310 MSEK (349), due to the impact of a lower USD quotation. Operating income was 95 MSEK (94). Operating margin reached 30.6 percent (26.9) as improved pricing and product cost improvements have strengthened the operating result. Market share in the US remains stable at 42 percent.

## Cigars and Pipe Tobacco <br> Swedish Match is one of the world's largest producers of cigars and pipe tobacco with a broad presence globally. Growth opportunities are mainly within cigars.

## Cigars

Swedish Match is one of the largest producers of cigars and cigarillos in the world and is the second largest in sales value. The main markets are North America and West Europe. These two markets together make up about 75 percent of the world market for cigars. Swedish Match offers a full range of products worldwide, with both premium and machine made cigars. Major brands are Macanudo, Garcia y Vega, La Gloria Cubana, La Paz, Justus van Maurik, and Wings.

Sales for the year amounted to 3,318 MSEK $(3,481)$, a decline of 5 percent. In local currency, sales were flat. Operating income for the year increased 4 percent to 522 MSEK (500) primarily as a result of somewhat lower operating costs. Swedish Match North American mass market cigar volume declined, while European and US premium businesses were stable. Operating margin was 15.7 percent (14.4).

During the fourth quarter, sales were 805 MSEK, (895), with currency translation effects accounting for most of the decline. Sales in the US declined somewhat. Operating income was 111 MSEK (138) and was negatively affected by production adjustments in Belgium as well as lower volume for mass market cigars in the US. Operating margin was 13.8 percent (15.4).

## Pipe Tobacco and Accessories

Swedish Match is one of the largest producers of pipe tobacco in the world and the products are marketed worldwide. Major brands include Borkum Riff, Half and Half, and Boxer. The main markets for pipe tobacco are North America, North Europe and West Europe. The Company also has a significant presence in South Africa.
Sales for the year amounted to 843 MSEK (933), a decrease of 10 percent. Operating income declined to 164 MSEK (236). Sales and operating income were negatively impacted by a significant decline in the value of the South African Rand versus the yearago period, as well as weaker volume in several markets.

For the fourth quarter, sales were $225 \operatorname{MSEK}$ (236) and operating income was 45 MSEK (51). Operating margin was 20.0 percent (21.6).

## Lights

## Swedish Match produces and markets matches and lighters globally. These products are sold in over 140 countries.

## Matches

Swedish Match is number one in the world market for matches. The brands are mostly local, and have strong positions in their home countries. Major brands include Swan, Solstickan, Three Stars, and Redheads.

Sales for the year amounted to 1,648 MSEK (1,690). Operating income grew 21 percent to 221 MSEK (183), mainly due to strong growth within certain non-European markets. Operating margin was 13.4 percent (10.8).
For the fourth quarter, sales were 380 MSEK (436) and operating income was 44 MSEK (49). Operating margin was 11.6 percent (11.2).

## Lighters

Swedish Match is the third largest producer of disposable lighters in the world and the main brand is Cricket.

Swedish Match sales for the year were 700 MSEK (809) and operating income was 74 MSEK (101).
During the fourth quarter, sales were 165 MSEK (196) and operating income was 14 MSEK (27). Operating margin was 8.5 percent (13.8).
The lighter business is faced with an increasingly competitive situation due to low price competition, which has affected sales volume negatively. Operating margin for export of lighters produced in Europe has decreased as a result of the strong Euro.

## Other Operations

Other operations include, among other things, the distribution of tobacco products on the Swedish market, sales of advertising products, as well as corporate overheads and costs for business development and legal expenses. Cash and bank balances, including short term investments, amounted to 2,016 MSEK at the end of the period, compared with 1,606 MSEK at the beginning of the year.
Net interest expense for the year amounted to -229 MSEK (-286). Other financial items, net, amounted to -16 MSEK (13). In the fourth quarter net interest expense was -37 MSEK (-68). ## Share structure

At the Annual General Meeting, on April 23, 2002, the shareholders approved the reduction of share capital by 24 MSEK through cancellation of 10,000,000 shares. The reduction was completed and registered in October.

After the reduction the Company's share capital amounts to 867.8 MSEK corresponding to $361,596,181$ shares with a par value of 2.40 SEK.
During the year $7,995,000$ shares have been repurchased at an average amount of 69 SEK. Through repurchase and after cancellation Swedish Match holds at the end of the period $19,591,000$ shares corresponding to 5.4 percent of the total amount of shares. The number of shares outstanding, net after repurchase, as per December 31, 2002 amounts to $342,005,181$, a decrease during the year by 2.3 percent. ## Other events

Swedish Match North America, Inc. on July 22nd filed federal civil antitrust action in the United States District Court for the Western District of Kentucky against U.S. Smokeless Tobacco Company ("USST") and other U.S. Tobacco affiliated companies, seeking a permanent injunction and alleging antitrust damages in connection with USST's use of illegal, exclusionary tactics to suppress competition, raise prices, and stifle innovation in the United States moist snuff tobacco market. The amount of damages will be specified during the process.
Since 1992 the European Union has banned certain smokeless products. The ban includes Swedish Match's snuff. Swedish Match has always declared that the ban in its present form is discriminating, disproportionate, and without any legitimate cause and should be tried at the European Court of Justice in Luxembourg. In November 2002 the Administrative Court in Minden, Germany, decided to refer the question of the legality of the EU-ban on snus to the European Court of Justice in Luxembourg. The lawsuit is expected to take 1-2 years.
