#### Abstract

Smokeless Tobacco Swedish Match has a broad presence in smokeless tobacco (Snuff and Chewing Tobacco), with significant positions in the Nordic countries, the US, and South Africa. The main organic growth is within the snuff operations in North America and North Europe. The growth is based, among other things, on the fact that smokeless tobacco products are increasingly recognized within the scientific and medical community as having significantly lower health consequences than cigarettes. This has been supported by the so-called Swedish experience (high consumption of snuff, low cigarette consumption and lower frequency of tobacco related diseases).

## Snuff

Swedish Match is the only global producer of snuff, and has a leading position on the Nordic snuff market and in South Africa. In the US, the Company has the largest share of the fast-growing value price segment. Some of the best known brands include General, Catch, and Ettan in Sweden, Timber Wolf in the US and Taxi in South Africa.

Sales for the first six months amounted to 1,447 MSEK ( 1,383 ), an increase of 5 percent. Sales in local currency increased by 11 percent. In North Europe Division, volume grew by 4 percent versus 2002, and in the US, volume grew by 5 percent, measured in number of cans. Swedish Match continued to improve its market position for Timber Wolf in the growing US market, with Timber Wolf market share now at 8.9 percent year-to-date, up from 8.7 percent year ago (Nielsen estimates). Swedish Match total market share in the US amounted to 9.2 percent, in line with year-ago. In April, Swedish Match successfully launched two new pouch products on the Swedish market, General White Portion and Grov White Portion. Both products feature a new whiter pouch and a new functional can design.

Operating income improved to 655 MSEK (603), up 9 percent due to improved volume, but was negatively effected by currency translation and somewhat higher administrative and overhead expenses.
For the second quarter, sales were 758 MSEK (711) and operating income was 350 MSEK (313).

Over the past year, Swedish Match has invested for growth in a number of new markets. In India where Swedish snuff was launched in Mumbai in May 2001, sales geography has been expanded. In Russia, Swedish snuff was launched in Moscow and St. Petersburg. These new markets are generally showing positive trends.

## Chewing Tobacco

Chewing tobacco is sold primarily in the North American market. Well known brands include Red Man and Southern Pride. Swedish Match is the leading producer of chewing tobacco in the US. The chewing tobacco segment is characterized by annual volume declines averaging 4-5 percent per year.

Sales for the first six months declined to 589 MSEK (711), or by 17 percent. In local currency terms, sales increased by nearly 2 percent. Operating income declined to 170

MSEK (211), or by 19 percent. Currency translation accounts for a major part of this decline.

For the second quarter, sales were 294 MSEK (367) and operating income was 86 MSEK (105).

Swedish Match market share in the US remained stable at around 42 percent.

## Cigars and Pipe Tobacco <br> Swedish Match is one of the world's largest producers of cigars and pipe tobacco with a broad presence globally. Long-term growth opportunities are mainly within cigars.

## Cigars

Swedish Match is one of the largest producers of cigars and cigarillos in the world and is the second biggest in sales value. The main markets are North America and West Europe. These two markets together make up about 75 percent of the world market for cigars. Swedish Match offers a full range of products worldwide, with both premium and machine made cigars. Well known brands include Macanudo, Garcia y Vega, La Gloria Cubana, La Paz, Justus van Maurik, and Wings.

Sales for the first six months amounted to 1,395 MSEK (1,649), a decline of 15 percent, of which currencies account for 13 percentage points. Shipments were lower to several European markets. In the US mass market, Swedish Match has introduced several new products, with shipments of some products beginning late in the first quarter and others beginning during the second quarter. In the US premium market, sales declined. Sales of cigars in the US were down by 3 percent in local currency terms.
Operating income for the first six months reached 167 MSEK (271), a decline of 38 percent, affected by currency translation, lower sales volumes, and increased legal expenses for the premium cigar operation.
For the second quarter, sales were 751 MSEK (871) and operating income was 87 MSEK (149).

## Pipe Tobacco and Accessories

Swedish Match is one of the largest producers of pipe tobacco in the world and the products are marketed worldwide. Well known brands include Borkum Riff, Half and Half, and Boxer. The main markets for pipe tobacco are North America and West Europe. The Company also has a significant presence in South Africa.

Sales for the first six months amounted to 428 MSEK (401), an increase of 7 percent. Operating income improved to 91 MSEK (78). Sales and operating income were positively impacted by an increase in the value of the South African Rand versus the year-ago period.

For the second quarter, sales were 214 MSEK (211) and operating income was 45 MSEK (36).

## Lights

Sales for the first six months amounted to 691 MSEK (881), a decline of 22 percent of which currency accounted for 16 percentage points. Operating income declined by 44 percent to 69 MSEK (124), due to negative currency impact and lower sales volume in several markets.

For the second quarter, sales were 343 MSEK (421) and operating income was 31 MSEK (59).
